6. Formation of foreign policy strategy and tactics.

TOPIC 4. International politics and stratification.

1. Concepts of 'international relations', 'international politics' and 'international community'.
2. Two concepts or two approaches to understanding the content and direction of international relations.
3. Participant, actor, player, partner, parties, factor.
4. Subject of international law and subject of international relations.
5. Non-state subjects of international relations.
6. Comparison of state-centric and transnational models of international relations.

TOPIC 5. Types of behavior of states in the international arena.

1. State classification models: functional, behavioral and hierarchical.
2. Hierarchy models of the international system: M. Kaplan's model
3. A. Organsky model
4. D. Lemke's complex hierarchical model
5. M. White's model.
6. E. Azroyants model.
7. M. Malskyi and M. Matsyakh model.
8. Modern structure of the international system.

TOPIC 6. National interest as the basis of the state's foreign policy.

1. The concept of "national interest", its components.
2. State interests
3. General human interests.
4. National interests.
5. Ways and forms of realization of the national interest.
6. Characteristics of the national interests of the state, determination of their priority.

TOPIC 7. Political analysis and information analytics.

1. Concept of political analysis.
2. Main types of political analysis.
3. Problems of typology of political analysis.
4. Applied political analysis.
5. Analytical process and its stages.
6. Information analytics.
7. The essence and specifics of descriptive and substantive analysis.
8. Basic approaches to defining forms of political analysis.
9. Situational analysis.
10. Strategic analysis.

TOPIC 8. Information provision of political analytics.

1. The concept of 'information and analytical support' (IAS).

2. Model of information and analytical support of the political system.
3. Functions of IAS.
4. Monitoring the situation.
5. Expert analytical support. Collection and initial processing of information.
6. Global practice of information and analytical support of the political system.
7. Political analysts. The concept of 'expert'. External consultants
8. Analytical and advisory services.
9. Information and analytical activity.
10. Analytical and synthetic processing of documents.

TOPIC 9. Political situation and stages of political analysis.

1. Political situation and problem.
2. International dispute.
3. Structural components of the political situation
4. Stages of analysis of the political situation.
5. Methods of political analysis.
6. Global practice of information and analytical support of the political system.
7. Methodology of extramural group expert evaluations: specifics and main stages.
8. Political monitoring.
9. Content analysis. Event analysis. Data collection methods (surveys, interviews).

TOPIC 10. Political forecasting.

1. Concepts of 'assumption' and 'forecast'. Prognosis.
2. The subject of political forecasting
3. Effective planning.
4. Principles and functions of political forecasting: alternative, systematic forecasting, continuity, verification (verifiability), etc.
5. Types of forecasting: political and strategic, internal political and foreign policy, exploratory and normative forecasting.

TOPIC 11. Forecasting stages and methods.

1. Stages of making forecasts.
2. Characteristics of political forecasting methods (analogy, network planning, SWOT analysis).
3. Group methods (expert assessments, brainstorming, Delphi).
4. Scenario technique.
5. Specific methods (extrapolation, modeling, experiment).
6. Predictive analytics tree.

TOPIC 12. European civilization at the turn of the millennium: dialectics of development and contradictions.

1. The role of Europe in the development of world civilization.
2. Regionalization of the European space in the past and in modern conditions.
3. Integration and disintegration processes in Europe.
4. Problems of the accession of Central and Eastern European countries to NATO and the EU.

TOPIC 13. Pan-European and subregional organizations as instruments of international policy.

1. The Council of Europe and the Organization for Security and Cooperation in Europe (OSCE).
2. NATO.
3. Western European Union (WEU), European Union (EU).
4. CIS, Central European Initiative (CEI).

5. The Black Sea Economic Cooperation Zone (CBSE).

6. Council of the Baltic States

TOPIC 14. Features of modern foreign policy problems.

1. Modern trends and macroeconomic indicators of the economic development of European countries and regions.

2. International legal framework for the protection of human rights, national and religious minorities.

3. International organizations and agreements on issues of science, education, and culture.

4. Cooperation of European countries in guaranteeing environmental safety.

TOPIC 15. Conflicts in different regions of the world.

1. Modern conflicts on the territory of post-Soviet countries.

2. International disputes in Europe.

3. The USA and Canada in helping to solve international problems.

4. The African continent in world foreign policy.

TOPIC 16. Problems of security and cooperation in European politics.

1. Multifaceted concept of 'international security'.

2. The main directions of guaranteeing security in the multipolar and bipolar system of world development.

3. International security of countries in the post-bipolar period.

TOPIC 17. Human rights, national and religious minorities in modern European politics.

1. International legal framework for the protection of human rights, national, religious, and linguistic minorities.

2. The role of the Council of Europe and the OSCE in the protection of human rights.

3. Rights of migrants in European and EU countries.

4. Rights of women, youth and other social groups.

TOPIC 18. Issues of education, science, culture and environmental protection in modern European politics.

1. International organizations and agreements on issues of science, education, culture and environmental protection.

2. Actual problems of environmental protection.

8. INDIVIDUAL STUDENT'S TASK

At the beginning of studies, the student chooses a country, monitors its foreign policy during the academic semester, and keeps a file. After completing the course, students write an analytical note on events in one of the countries, and students exchange files. Assessment for file management is 10 points.

Countries for analysis:

1. USA, Canada
2. Russia
3. Latin American countries
4. Belarus, Moldova
5. Baltic States
6. Poland, the Czech Republic
7. Slovakia, Hungary
8. Romania and Bulgaria
9. Yugoslavia and Albania
10. Germany, France
11. Great Britain and Ireland
12. Spain, Portugal
13. Greece, Italy
14. Turkey, Iran, Iraq, Afghanistan
15. Austria, Switzerland and Liechtenstein
16. Australia, New Zealand
17. Scandinavian countries
18. Countries of the African continent
19. Brazil, Venezuela
20. Australia, New Zealand
21. Egypt, Turkey, Algeria, Syria

9 EVALUATION POLICY

Attending lectures and seminars, the maximum number of permitted absences: 3. Rescheduling of practical classes in case of a valid reason (hospitalization, studying abroad, etc.). Performance of Individual task is on the basis of academic integrity. Zero tolerance for copying and plagiarism.

The discipline consists of three content modules. The final grade on a 100-point scale consists of the total number of points for:

1. current assessment on relevant topics (maximum 40 points);
2. module test papers (maximum 60 points).

For the answer during the seminar session, the distribution of points is as follows: 10-8 excellent; 7-5 – good; 4-2 – satisfactory; 1-0 is unsatisfactory.

In content module 1 – 6 seminar classes, assessment for each class is 10 points. In the content module, there are 2 – 5 seminar classes, the assessment for each class is 10 points. In the content module 3 – 8 seminar classes, the assessment for each class is 10 points. The overall total score for the current assessment at seminar classes is 30 points (arithmetic average). Students receive 10 points for INDZ.

10.FINAL CONTROL

The modules control involves the implementation of 3 MTP, each of which is valued at 20 points. The first modular control (forecasting) test is performed in the first lesson: based on the knowledge gained from the disciplines previously taught to the students, they make a forecast of the activity of the Ministry of Foreign Affairs of Ukraine for the next 4 months. Students are divided into teams. The results are drawn up on whatman sheets and presented to the group. The second modular control (theoretical) work involves checking the theoretical knowledge of the terms and concepts of foreign policy analysis and forecasting. The third modular test (analytical): students write an analytical note about the events in one of the countries, exchanging the dossier with other students.

The final control takes place in the form of an exam, for the completion of which a student can receive a maximum of 60 points. A student must take the exam if he scored less than 75 points during the semester, or if he does not agree with the points he scored. In this case, points for modular test papers are canceled, points for the current assessment remain. The total number of points for the course is 100. The grade for mastering the course is assigned according to the grading scale.

11. GRADING SCALE (NATIONAL AND TA ECTS)

Scores	Linguistic Grade	ECTS Grading Scale	
		Grade	
90-100	Excellent	A	90-100
82-89	Very good	B	82-89
75-81	Good	C	75-81
67-74	Satisfactory	D	67-74
60-66	Sufficiently	E	60-66
1-59	Fail	Fx	1-59
